## COMPUTER REPAIR

---

Due to college and state policies, the Student Help Desk and Campus Technology Support Services cannot offer hardware or personal software support for student-owned computers. However, we do recommend that you try the following local businesses if you're having issues with your personal computer that we cannot resolve. Depending on your manufacturer and your computer's warranty you may contact Dell, Gateway, Sony, etc, directly for assistance; their contact information is also below. If you're not sure who to contact, you can call the Student Help Desk for assistance at (240) 895-2357.
